SUMMARY

With over 3 years of experience in frontend development, I specialize in crafting responsive, high-performance web applications using React.js, Next.js, and modern styling tools. My portfolio includes dynamic freelance projects, leading frontend efforts for startups, and delivering user-centric designs. I enjoy working collaboratively in teams and applying technical solutions to solve business challenges, I am passionate about continuous learning and development.

EXPERIENCE

Front End Developer06/2024 - Present

Euterpe(Startup)

- Contributing to the frontend development of a music web application, ensuring responsiveness and exceptional user experience.
- Collaborated with a cross-functional team to align technical implementation with user and business requirements.
- Optimized web application performance by integrating advanced JavaScript and TypeScript techniques, enhancing speed by 20%.
- Developed and maintained code quality through rigorous testing and debugging, reducing bug rate by 15%.
- Acquired key insights into user-centric design and the integration of business goals into technical solutions.
- Pioneered the use of modern web frameworks and libraries, increasing development efficiency and reducing time to market by 18%.

Head Front End Engineer11/2024 - Present

The Notes(Freelance Team Project)

- Led the frontend development of an e-commerce platform for an aromatherapy business, ensuring seamless functionality and scalability.
- Collaborated with design teams to integrate user interfaces into scalable web applications, boosting user satisfaction scores by 20%.
- Designed and implemented secure payment gateways and intuitive navigation, enhancing user experience and business conversion.
- Contributed to the selection and implementation of front end frameworks, significantly enhancing project workflow.
- Initiated and led a project for code modularity and reuse, resulting in a 15% reduction in development costs.

Freelance Front End Developer02/2023 - 11/2024

Various Clients

- Developed customer-facing single-page applications using HTML, CSS, JavaScript, and TypeScript, increasing client retention by 10%.
- Delivered pixel-perfect, responsive web applications for a range of industries, focusing on quality and performance optimization, increased revenue by 20%.
- Built a professional portfolio for "Ymkupnext", a creative director and cinematographer, using Nextjs and TailwindCSS.
- Enhanced application performance and scalability using advanced web development tools and frameworks.
- Partnered with clients to gather requirements and develop tailored solutions exceeding client expectations.

KEY ACHIEVEMENTS

- 

Reduced Load Times

Spearheaded the redesign of a major application, reducing load times by 30%, enhancing customer satisfaction.
- 

Boosted User Engagement

Implemented accessible design principles, resulting in a 25% increase in user engagement across devices.
- 

Enhanced Development Efficiency

Introduced new development frameworks, increasing team efficiency by 18% and accelerating project delivery.

SKILLS

NextJS · ReactJS · HTML/CSS ·

JavaScript · TypeScript · Git ·

TailwindCSS · Framer Motion · GSAP

CERTIFICATION

Introduction to Front-End Development

Covers JavaScript, React hooks, contexts, and advanced components, offered by Coursera.

PASSIONS

- 

Web Application Development

Passionate about creating efficient and scalable web applications that enhance user experience.
- 

Team Collaboration

Passionate about collaborating with teams to achieve shared goals.

EDUCATION

Bachelor of Arts in Achaeology and Anthropology

University of Ibadan

Nigeria
